Thank you for letting me know about your experience with Christine. I am so proud to have her representing Rodeo. I also want to thank you for your business. Our business really depends on the loyalty of our clients. Over three quarters of the sales we make are from repeat customers and referrals. We are fortunate to have clients like you!

Mr. Leibovitch:

I had the pleasure of working with one of your agents, Christine Lloyd, on a recent purchase of a condo in Santa Monica. It was an absolute privilege to have her as my agent on this condo purchase. Christine was outstanding. Not only did she change my entire view of how home purchase transactions should happen but she has set a new benchmark for others to follow. It is always a pleasure to work with someone who is proactive and thinks one step ahead, which describes Christine.

When we ran into a couple of hurdles finding the correct lender Christine went above and beyond to search for me and connect me with the appropriate lender. She was VERY thorough and left no stone unturned - she reviewed all paperwork, including the CC&R's, in detail and took the time to flag areas of concern. This was a huge help for me and allowed me to ask the right questions as well as saving me time.

I will make sure that anytime I need to refer a friend or colleague to a real estate agent it will be Christine. She is a valuable part of your business and I'm sure has already added to Rodeo's success.

Regards,
